VARIANCE

Variance(s) approved? Yes No N/A Annual Verification Required? Yes No If yes, explain.

In accordance with Section 920. Table C of the Water Well Construction Code, attach a sheet to identify the site specific conditions for reducing the 50-foot separation distance, if the sewer pipe material is unknown.

SYSTEM INFORMATION

Distance to: Private Well: _____ft. Semi-Private Well: _____ft. Non-Community Well: _____ft.

Municipal Well: _____ft. Public Sewer lines: _____ft. Septic Tank: _____ft. Septic Field: _____ft.

Water lines: _____ft. Neighbor's well: _____ft. Neighbor's septic: _____ft.

Building: _____ft. Property line: _____ft. Lake/Stream: _____ft.

Directional: Well Diameter: _____in. Estimated depth: _____ft. Estimated Length: _____ft. Pipe Size: _____in.
Number of holes/loops: _____

Vertical: Well Diameter: _____in. Estimated depth: _____ft. Estimated Length: _____ft. Pipe Size: _____in.
Number of holes/loops: _____ Type of coolant required: _____

Will tracing wires/locaters be added? _____

Estimated number of 50lb bags of grout: _____ Type of Grout: _____

Type of facility to be served: (ie. Single family residence, apartment building, business, factory, school) _____

Modification Information: New Boreholes: Number _____ depth _____ft

Sealing Information: Description of sealing _____

ATTACH A SHEET WITH DIAGRAM OF WELL SITE SHOWING DIMENSIONS

Furnish a drawing indicating lot size, location of property lines, distances from proposed closed loop well system construction to buildings, water wells, septic tanks, seepage fields, sewers, abandoned wells, and all other sources of contamination if they are within 200 feet of a closed loop well. If there is a well on the property, indicate status (private, semi-private, non-community).

I certify that the attached information is complete and correct and that the work will conform to the current Illinois Water Well Construction Code.
