### **TAZEWELL COUNTY ELECTRONIC RECYCLING EVENT SCHEDULED FOR OCTOBER 4**

Have you been meaning to get rid of that console TV sitting in your basement? You're in luck! An opportunity to recycle your electronics is coming to Tazewell County. Proper recycling of electronic waste is important to keeping our environment healthy. These products can contain hazardous materials that can affect our land and water supply. Events like this one can ensure that these materials are disposed of properly.

**When: Saturday, October 4<sup>th</sup> | 9:00 AM – 12:00 PM**

**Where: Festival Building, 2200 Washington St, East Peoria, IL 61611**

Personal and office electronics are welcome. This year's event is open ONLY to Tazewell County residents and all fees for recycling of TVs and monitors are being covered by Tazewell County Green Initiatives, making the event FREE for residents. State-issued ID is required at the time of drop-off as proof of residency.

Please note this event is for the collection of electronics, not appliances. For a full list of accepted items, please go to our Facebook page or contact us at 309-929-0272.

For any media requests or questions, please contact JD Raucci at [jdraucci@tchd.net](mailto:jdraucci@tchd.net) or 309-210-7805.
